Introduction

1. The world at large is now being affected by drug abuse, drug production and drug trafficking to the cores of every country's social infrastructure threatening not only health, economics, social fabrics, cultures and politics but also undermining the daily existence of life itself.
2. The financial profits gained from trafficking drugs are utilized to create extreme terrorism, arms smuggling, sea piracy, human trafficking, illegal logging, counterfeit industry, corruption and transnational crimes.
3. Myanmar is a signatory to all the 3 drug control UN conventions and have been an active member cooperating with member states and suppressing illegal trafficking of drugs and psychotropic substances.
4. Myanmar is also in the forefront of enforcement of drugs control cooperating with international states, countries in the region and also with the UN and International Non-government Organizations and working actively drafting drug rules and regulations, educating opium poppy farmers with alternative development programmes, opening drug rehabilitation facilities and coping with harm reduction.
5. In line with the 2016 UNGASS Myanmar has drafted a new Drug Control Policy on 20 February 2018. Subsequently, the National Strategic Plan was also adopted by the Cabinet (3/2020) on 5 February 2020. The Action Plan relative and conducive to the respective states and regions are also in the pipeline to be drawn up.
6. With the intention that drug crimes and punishments commensurate and are justifiable in accordance to international practices, the 1993 Drug Law was amended on 14 February 2018. Rules pertaining to the new law are also being drafted and soon will be promulgated.
7. The State has also invested from its coffers to develop the infrastructures of the illegal poppy growing areas, building roads and bridges, constructing irrigations for agriculture as well as consumption, distributing hybrids for livestock, recovering waste

land for cultivation, providing trainings and searching, creating markets for value added products.

8. The Alternative Development Committee had undertaken a 3 year Pilot Project in Naung Tayar of the Southern Shan State using government budget and implemented during the fiscal years of 2017 to 2020.

9. In the same vein, the Central Committee for Drugs Abuse Control together with UNODC implemented coffee and tea plantation-project as substitution crops for poppy in Loilem township in the southern Shan State from 2016 to 2020. The successful project has been extended to 2022 exporting 100 tons of coffee to France in 2020. Similarly, with the cooperation with ONCB of Thailand, a sustainable alternative livelihood development project covering Mong Lin, Mong Hae and Mong Koe village tracts of Tachileik District in the eastern Shan State is also implemented.

10. In collaboration with UNODC, Myanmar has been conducting illicit crop monitoring on an annual basis and in addition taking socio-economic surveys of the poppy farmers. In 2019 opium production was estimated at 508 tons, with a cultivation area of 33,100 hectares. 2020 saw a decline of 405 tons and 29,500 hectares. The figures shows 11% drop in cultivation and 20% drop in production too. In comparison to world figures Myanmar has now become the third from second in terms of production.

11. It is very important not to miss out the crucial role of control when we talk about stimulants and its precursor chemicals. Controlling chemicals is in particular utmost important due to the fact that Myanmar is sandwiched between industrialized major chemical producing countries of the world. The Precursor Control Committee has been scrutinizing all imports of chemicals in line with the stipulations of the INCB and close monitoring and cooperation with other countries. 28 chemicals are under control in Myanmar with an addition of 10 more notified by the Ministry of Health and Sports on 27 February 2020, totaling 38 chemicals and 132 drugs under control.

12. To be in line with the norms and practices of a democratic system, the Myanmar Police Force is also upgrading its capacities and structures. The Department of Drug Enforcement has also been extended its taskforces from 3 group taskforces and 50

subgroup units to 10 group taskforces and 65 subgroups units. Also it has been equipped with state of the art search and Xray machines, forensic laboratories equipment including mobile testing equipment to provide first hand tests in the field operations.

13. In 2019 November, a Ministerial meeting of the MOU 6 countries of the Mekong Region took place in Bangkok, Thailand where member states agreed unanimously to fully cooperate and conduct major operations respectively to control of movements of precursor chemicals in the golden triangle region.

14. Myanmar undertook Operations 1511 in collaboration with the military from January 1 to March 31 which resulted in the arrests of 1173 culprits, seizures of 197 million stimulant tablets from 955 drug cases amounting to a street value of 645 billion kyat.

15. During 2020, Myanmar Police Force bagged 13,960 drug cases, arresting 19,994 culprits and seized Kyat 1,436.34 billion worth of drugs from which 2,782 billion worth of assets were confiscated. At present, 31 operations are ongoing and it is worthwhile to record some personnel gave their lives during the operations.

16. Educating the public on the dangers of drug abuse is also one of the priority agenda the Central Committee for Drugs Abuse has embarked and with collaboration with UNODC, drafted a prevention guiding booklet for families and has distributed to the whole country. Community based and school-based talks on prevention of drug abuse were conducted in the whole country in 2020, namely 9006 times within the community and schools where 94,8741 attended.

17. To address the problems of drug demand reduction, detoxification and treatment for drug addicts, harm reduction to drug users, rehabilitation and reintegration to the community of ex-drug users and access to treatment services, Myanmar has established 29 major drug treatment centers, 56 smaller centers and 89 methadone maintenance centers spread out in the whole country. In addition, seminars, workshops and refresher training courses are also provided to the medical staff on an annual basis.

18. Community based rehabilitation programs are conducted together with trainings to upgrade volunteer supervisors, capacity building, inclusive of counselling and peer

education are also carried out. Subject to availability of budget allotment, additional rehabilitation centers are planned to be opened in respective regions around the country.

19. To curb the illicit poppy cultivation, production of stimulants, synthetic drugs and the effective control of precursors trafficking, coordination meetings have been conducted with Ethnic Armed Organizations and the control of drug control has also been included in the Agenda of the 8 steps of the peace process.

20. The Central Committee for Drugs Abuse Control is totally committed as a national duty to drug enforcement, leaving all options open to control drug production, reduce drug demand and urge the people of Myanmar to join hands in this noble endeavor.

Chapter (1)

**Activities of Central Committee for
Drug Abuse Control**

Destruction of seized chemicals and related materials used in the production of narcotic drugs during the Commemoration of International Day Against Drug Abuse and Illicit Trafficking in Kut Kai Town, Shan State (North)

Activities of Livestock Breeding Sector

Formulation of Livestock Breeding Working Committee

1. Livestock Breeding Working Committee had been firstly organized in 1979-1980. According to order No.1/2012 dated on 12-11-2012, it was reformed with the chairman, Deputy Minister, Ministry of Agriculture, Livestock and Irrigation and the members, Director General, Ministry of Agriculture, Livestock and Irrigation, Department of Fisheries, Assistant Secretary, Ministry of Agriculture, Livestock and Irrigation, Office of Permanent Secretary Division of Planning and Statistic, Deputy Director General, Ministry of Agriculture, Livestock and Irrigation, Livestock Breeding and Veterinary Department, the Secretary, Director General, Livestock Breeding and Veterinary Department and Co-Secretary, Deputy Director Division of Apiculture to implement the Livestock Development activities for Substitution of the Poppy Plantation.

Term of the Reference

2. The strategies lay down by CCDAC for the prevention and control of drugs is taken as a national cause to increase the momentum of such activities in an integrated manner. Based on the concept that poppy plantation habit will be annihilated by improving the standard of living of border areas and national races, 3 tactics such as eradication of drug abuse and suppression of drugs had been laid down. Of them, eradication of poppy plantation was chosen to implement the following activities for the substitution of poppy plantation.

(a) **Activities for substitution of poppy plantation**

- To develop the suitable small scale livestock activities in the region.
- To improve the quality Livestock breeding through the implementation of the livestock banking system within the region.
- To improve the food security in the region through providing the finger lines to natural water resource; pounds, lakes, creeks and rivers.
- To undertake the animal health and disease control.

(b) **Education and Extension**

- To conduct the training for modern livestock farming practices.
- To conduct the bee keeping training through the provision of beehives for the improvement in pollination.

Activities of the Livestock team on Eradication of the Poppy and Psychiatric drug

3. Livestock working group had conducted the small scale livestock farm and advance husbandry practice training on the following mention items for livelihood and income generation and improve the food security among the people living in poppy planted area.

- (a) Provide local pigs and indigenous chicken for Breeding Purpose
- (b) Provide the Veterinary drugs for animal health.
- (c) Public awareness.
- (d) Animal vaccination and treatment in the region.
- (e) Fish initiation and raising by the Department of the Fisheries. (New hatch chicken)
- (f) Other activities.
- (g) Activities of the Apiculture Department.

Provide local pigs and indigenous chicken for Breeding Purpose

4. (a) **Local Pigs** - The department provided a pig to each household, totally 50 pigs for household, in a designated township under project to get income for their livelihood in terms of livestock sector.
- (b) **Indigenous Chicken** - The department provided 10 Chickens to each household, totally, 3200 Chickens for 320 household, in a designated township under project to get income for their livelihood in terms of livestock sector.

Provide the veterinary drugs for animal health

5. Provided the veterinary drugs to serve the animal health care (0.01 million kyat's per one township) for 50 townships in planning region for eradication of opium poppy cultivation.

Public awareness

6. Held public awareness for the professional constructive livestock farming at 50 townships in planning region for eradication of opium poppy cultivation.

Other Activities

7. Public awareness, trainings held and Pamphlets distributed in 51 project areas of poppy eradication.

**Prevention and treatment of the Livestock Diseases for poppy eradication in
51 project areas**

Chapter (3)

Demand Elimination

Activities of Medical Treatment Sector

Introduction

1. Substance Use Disorder is one of the global issues and difficult to solve it. According to UNODC 2020 World Drug Report, there were estimated 269 million of people who use at least one type of drugs during past 12 months. There were up to 35 million of people who suffered from Substance Use Disorder or harmful use of drugs. About 585,000 had been lost their life due to drug use and most of them are young aged. For the person who use the drugs, there will be serious side effects not only in health but also in financial and social matter and hamper the development of country.

2. As drug use disorder becomes a global problem, Sustainable Development Goals (SDGs) 2030 agenda, SDG (3) was adopted as “Ensure healthy lives and promote well – being for all at all ages”. Under SDG (3), the goal 3.5 was “Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol”.

3. Being a signatory to UN drug conventions, Myanmar enacted Narcotic Drugs and Psychotropic Substances Law (1993) and enacted the amending the Narcotic Drugs and Psychotropic Substances Law on 2018 February 14. At the same time, Myanmar government also changed in approach to drug control measurement, National Drug Control Policy was launched on 2018 February 20. According to the policy, approach to drug problem would be health-oriented approach and including reduction of consequences of drug user as an approach in it. Major pillars involved in the policy are:

- (a) Supply reduction and Alternative Development
- (b) Demand reduction and Harm reduction
- (c) International Cooperation
- (d) Research and Analysis and
- (e) Compliance with Human Rights

Drug Treatment Activities

4. Ministry of Health, Drug Dependency Treatment & Research Unit (DDTRU) was established since 1976 with an aim for effective implementation of Substance Use Disorders prevention and treatment. Drug Dependency Treatment & Research Unit build the capacity and fulfill the technical supports for drug treatment centers. Currently, there

are (29) Major drug treatment centers, (56) Minor drug treatment centers and (89) methadone clinics in States and Regions. Drug Treatment Centers provide the voluntary and free services for Substance Use Disorder.

Harm Reduction

5. Drug Dependency Treatment and Research Unit, Department of Medical Services provide harm reduction services to prevent HIV among people who use drugs in collaboration with Ministry of Home Affairs, Ministry of Social Welfare Relief and Resettlement, Ministry of Education. WHO, UNODC and UNAIDS are responsible for the technical supports. For implementation, harm reduction services are delivered with the support of civil society organizations; MANA, SARA, AHRN, MdM, Burnett Institute, MAM, Mitta. Integrated services included HIV testing service (HTS); anti-retroviral therapy (ART); condom distribution program for PWID and their sexual partners; targeted information, education and communication (IEC) for PWID and their sexual partners; Hepatitis B Virus (HBV) Testing and Vaccination; and Hepatitis C Virus (HCV); Test, prevention, diagnosis and treatment of tuberculosis (TB); and detection and management of sexual transmitted infections (STI).

Capacity Building for treatment of Substance Use Disorders

6. Drug Dependency Treatment and Research Unit have developed Guidelines for Management of Methamphetamine Use Disorders (2017) and Guidelines on Methadone Maintenance Therapy (2019). DDTRU provides training on treatment of substance use disorders to the health care providers from drug treatment centers. Moreover, DDTRU has established Tele-mentoring program using online platform since 2019. This program was scaled up to ten drug treatment centers in 2020 and online meetings were done every two weeks.

Prevention of COVID-19 in Drug Treatment Centers

7. Ministry of Health and Sports, Department of Medical Services ensure continuous access to treatment for drug use disorder patients, priority is being given to the safety and well-being of health care workers and volunteers in collaboration with partner organizations (local / international non-governmental organizations, civil society organizations). In particular, contingency plans have been drawn up and systematically implemented to ensure ongoing access to Methadone Maintenance Therapy.

8. COVID-19 Emergency Response Plan for Drug treatment centers and Methadone Clinics was developed in March 2020. Medical Officers, nurses and health care workers were provided information about COVID-19 updates and ways to respond it through an online meeting. Personal Prevention Equipment such as Surgical Masks, Gloves and Hand Sanitizers were distributed to drug treatment centers. Patients attended to drug treatment centers were provided prevention education about COVID-19. Information Education Communication materials, posters and pamphlets published by the Ministry of Health and Sports as well as United Nations Office on Drugs and Crime (UNODC) regarding hand washing technique, cough etiquette have distributed. The patients can easily access the hand washing facilities, basins, soap, water and hand sanitizers. For the patients who are taking methadone maintenance therapy, the take home dose was given up to 14 days and 21 days for those who are under travel restriction.

Way Forward

9. Drug Dependency Treatment and Research will develop a strategic framework for implementing the new National Drug Control Policy and prioritize the important activities. Renovation of drug treatment facilities to keep them clean and safe, will provide the necessary office supplies and computer equipment. Computerized electronic registration and electronic data based record system will be upgraded at drug treatment centers. Methadone clinics will be expanded to hard to reach areas and at the meantime the new treatment for opioid use disorder, Buprenorphine will be established. First aids for Overdose and Naloxone treatment training will be provided and distribute Naloxone to effectively use. Standard Operation Procedure for Methadone Maintenance Therapy and Drug Use Disorder pamphlet will be published.

Conclusion

10. The aim of making it easier for patients to access the drug treatment services, Drug Dependency Treatment and Research Unit expanded 18 methadone clinics in 2020. Changing patterns of drug use, online marketing, the treatment sector is facing a lot of challenges. Due to limited resources. Inadequate staffing and limited resources, especially for methadone clinics that provide daily dosing, is a significant problem. Despite these difficulties, the Drug Dependency Treatment and Research Unit is working with the relevant Departments and Agencies to meet the goals and objectives. We will work together with International Organizations: WHO, UNODC, UNAIDS and Civil Societies to solve this problem.

**Age Group of new patients**

- (i) Drug abuse risk is common enemy of human being. So, trafficking and trade drug is also common enemy of human being.

Performances of Printing and Publishing Department

5. Drug abuse awareness stories, articles and cartoons are written in Thuthapadaythar book (General knowledge book) and Shwe Thway journal running under the Printing and Publishing Department.

(a)	Articles in Thuthapadaythar	7	pieces
(b)	Cartoon	3	pieces
(c)	Poem	3	pieces

Performances of News and Periodical Enterprises

6. News, photos, editorials and articles regarding drug abuse were written in Myanmar Alin, Mirror daily and The Global New Light of Myanmar newspaper. These are the following:

(a)	Editorial	2	pieces
(b)	Articles	7	pieces
(c)	News	689	pieces
(d)	Photos	510	pieces
(e)	Slogan	99	pieces
(f)	Interview	1	piece

Performances of Public Relations and Psychological Warfare Directorate

7. Public awareness regarding drug abuse prevention was written in Tatmadaw broadcasting force, No (1) Tatmadaw broadcasting force, No (2) Tatmadaw broadcasting force, Myawaddy, Yadanapone newspaper and People's Army weekly journal. These coverage are the followings:

(a)	News	787	pieces
(b)	TV Spot	236	pieces
(c)	Shot story	121	pieces
(d)	Song	354	pieces
(e)	Articles	6	pieces
(f)	Editorial	4	pieces
(g)	Program	891	pieces

Rehabilitation Department

8. Drug abuse public awareness was held in the meeting hall of Ministry of Social Welfare, Relief and Resettlement, January 10, 2020. The responsible persons from Ministry of Home Affairs, Ministry of Health and Sports, Union Attorney Office and Ministry of Social Welfare, Relief and Resettlement talk about public awareness regarding drug abuse. Three hundred staff attended the talk.

Conclusion

9. Drug abuse public awareness group will promote as national duty regarding anti-drug action.

Risk of narcotic drugs awareness campaign wallpaper exhibition holds at Information and Public Relations Department in Bokpyin Township, Tanintharyi Region

Risk of narcotic drugs awareness campaign wallpaper exhibition holds at Information and Public Relations Department in Zebuthiri Township, Nay Pyi Taw

Risk of narcotic drugs awareness campaign wallpaper exhibition holds at Information and Public Relations Department in Manhero, Shan State

Risk of narcotic drugs awareness campaign photo competition was held at Basic Primary School, Lel Gyi Kwin village, Kyankhin Township, Ayeyawaddy Region

Risk of narcotic drugs awareness campaign talk holds at Dandalwinpin village, Myothit Township, Magway Region

Risk of narcotic drugs awareness campaign talk holds at No (22) Basic High School in Zebuthiri Township, Union Territory, Nay Pyi Taw

As a memorial of International Day against Drug Abuse and Illicit Trafficking, Messenger pamphlets distribute at Myoma Market, Mongpan Township, Shan State

As a memorial of International Day against Drug Abuse and Illicit Trafficking, Messenger pamphlets distribute at Myoma Market, Maukmai Township, Shan State

“Youth and Drug” public talk holds at Kantharyar Hall of Basic High School, Bilin Township, Mon State

“Youth and Drug” public talk holds at No (4) Basic High School, North Dagon (North Dagon Myothit), Yangon Region

“Youth and Drug” online talk show holds at Community Center Hall, Information and Public Relations Department, Loikaw District, Kaya State

“Youth and Drug abuse risk prevention public awareness” online talk show holds at Community Center, Information and Public Relations Department, Kyaukse District, Mandalay Region

Chapter (4)

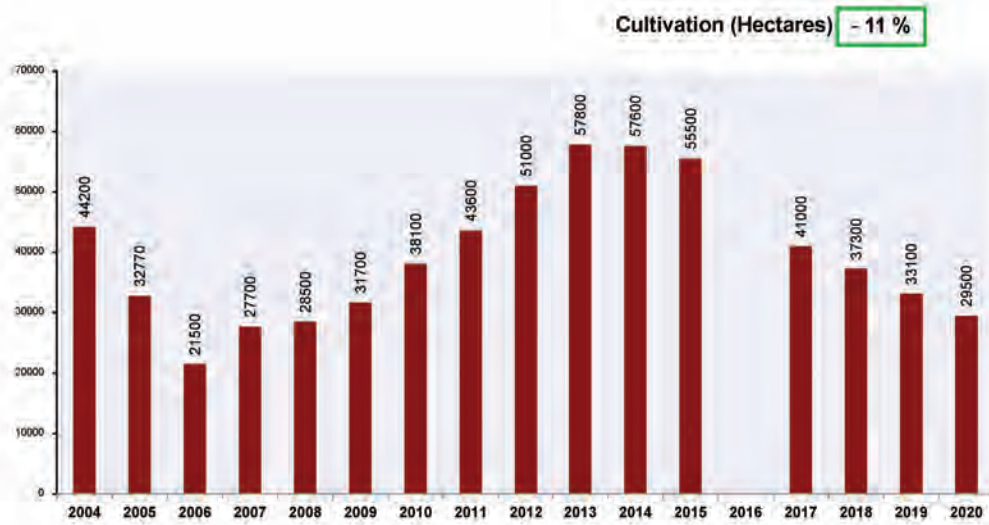

Drug Law Enforcement

Activities of Drug Law Enforcement

1. Opium poppy cultivation took place in the region of the extensive area of non-governance, little transportation infrastructure, less development, instability of security, and remote and hilly regions in Myanmar. Opium poppies are mostly cultivated in Shan State, and it could also be found in Kachin State, Chin State, Kayah State, Sagaing Region and Magwe Region.

2. Since CCDAC and UNODC jointly conducted the annual opium cultivation survey, there 57,800 hectares being cultivated in 2012-2013 poppy-cultivation season thus 12,257.46 hectares were destroyed in the country. Moreover, there were 57,600 hectares being cultivated during 2013-2014 and 15,188.49 hectares were destroyed, and 55,500 hectares were cultivated during 2014-2015 opium poppy cultivation season cultivation and 13,274.97 hectares were destroyed as well. However, the coming season of 2015-2016 was not able to conduct its survey due to an unfavourable situation. But then again, 41000 hectares of were cultivated during 2016-2017 opium cultivation season and 3536.96 hectares were destroyed. Likewise, 37,300 hectares were cultivated in 2017-2018 and 2,578.52 hectares were destroyed. In 2018-2019, there were 33,100 hectares being cultivated and 2,459.91 hectares were destroyed. In 2019-2020 there were 2026.58 hectares opium poppies were destroyed as well. The poppy cultivation has decreased year after year and in 2018, 37,300 hectares of opium

cultivation took place and in 2019, 33,100 hectares of opium cultivation took place. Therefore, 11% of opium cultivation was decreased comparing to 2018 and 2019 cultivation rate.

3. The opium production in 2018 was decreased by 5.3% with the yielded amount of 520 metric tons of opium comparing to 550 metric tons in 2017. The opium production in 2019 was decreased by 2% with 508 metric tons of opium comparing to the opium production in 2018. During 2018-2019, it was learnt that each poppy-cultivation region decreased of poppy cultivation throughout the country by 27 % in Shan State (East), 23% in Shan State (North), 38 % in Shan State (South), 9% in Kachin State as well as 3% each in Chin State and Kayah State.

4. Since the chemicals and related materials which are the main raw materials for the production of narcotic drugs cannot be produced in Myanmar, and they are illegally smuggled into Myanmar in different ways from the neighbouring countries. In Myanmar, Tatmadaw (Army), Myanmar Police Force and Customs Department have been playing a key role on the works of drug law enforcement and suppression. In 2020, there were drug related 13,960 cases by arresting 19,994 offenders and seized 3,882.908 kg of raw opium, 1,853.363 kg of heroin, 586.95 kg of brown opium powder, over 328.410 million of stimulant tablets, 17363.877 kg of ICE, 888.526 kg of Ketamine, 2632.723 kg of speciosa powder, 737.597 kg of cannabis and 11371.9 kg of Caffeine, in a total value of over 1,436.34 billion kyats (US dollars 1.079 billions) were seized together with narcotic drugs, precursor chemicals, related materials, arms and ammunition, 590 motorvehicles, 104 lorries, 8 buses, 5 oil bowsers, 1 backhoe, 1 tractor, 2 boats, 17 motorboats, 729 vehicles in total, and foreign offenders plus offenders from different layers of society as follows:

- (a) **Drug seizures including arms and ammunition;** In 2020, in the seizures of narcotic drugs, 210 different firearms, 29,520 rounds of ammunition in various types, 65 rockets/ bombs, 292 hand grenades, 630 lead-balls/ attached gunpowder, 84,305 detonators, 3,314 rods of wet gunpowder and 90 grams of raw gunpowder were seized in the drug cases.
- (b) **Arrested foreign offenders;** In 2020, as for the arrests of foreigners who committed drug crimes were 16 Chinese offenders in 13 cases, 5 Indian offenders in 5 cases, 28 Thai offenders in 17 cases, 1 Korean offender in 1 case, 2 Nigerian offenders in 2 cases, 52 offenders from foreign in 38 cases in total.

(c) **Arrested offenders from different layers of society;** In 2020, 446 youths under 18, 57 students/youths, 66 civil servants, 23 policemen, 29 Tatmadaw personnels (soldiers), 11 monks, 2 militiamen, 6 from armed races, 1 insurgent terrorist, 137 prisoners, 52 foreigners, a total of 830 drug offenders were arrested and taken into legal action.

5. With reference to the case study of raw opium seizures in 2020, it was found out that the largest raw opium production area with 82.55 % of the seizures of the whole country is in Shan State and 7.69 % in Sagaing Region, 4.73% in Mandalay Region, 4.83 % in Kachin State, 0.04 % in Kayah State, 0.004 % in Magwe Region, 0.12% in Nay Pyi Taw Council area, 0.0001% in Yangon Region and 0.001% in Chin State.

6. According to the case study of the heroin seizures in 2020, heroin production largely took place in the Shan State with 58.72% of the seizures in the whole country, 14.49 % in Mandalay Region, 10.25 % in Sagaing Region, 2.85 % in Kachin State, 0.001 % in Kayah State, 0.36% Nay Pyi Taw Council area, 0.002% in Rakhine State, 0.0004% in Mon State, 0.02% in Yangon Region, 0.009 % in Chin State, 13.26% in Kayin State, 0.009% in Magwe Region, 0.001 % in Kayah State and 0.0000005% in Ayarwaddy Region and it was trafficked secretly from Shan State which is the largest heroin production to Mandalay Region, Sagaing Region and Kachin State, as well as through Tachileik to Thailand and through Tachileik-Wampon to Laos.

7. With reference to the case study of the seizures of yaba tablets, it was found out that the stimulant tablets were produced largely on the China-Myanmar border areas in Shan State and Thailand-Myanmar border areas. They are trafficked in domestic and to abroad by using different patterns and ways, and it was found that the trafficking was more increased through Sittwe in Rakhine State to Bangladesh, and Malaysia by sea routes. Besides, it was observed that the stimulant tablets from Shan State (South) and Shan State (North) are transported to Rakhine State through Magwe Region and Yangon Region. During 2020, there were 80.75 % of the seizures in Shan State, 6.82% of the seizures in Rakhine State, 1.92 % in Mandalay Region, 1.64 % in Sagaing Region, 4.73% in Yangon Region, 1.0% Bago Region, 0.55 % in Kachin State, 0.16% in Magwe Region, 0.25 % in Tanintahryi Region, 0.37% in Kayin State, 0.82 % in Mon State, 0.005% Ayarwaddy Region, 0.35% in Kayah State and 0.55% in Nay Pyi Taw Council area.

8. The largest seizures of Caffeine which are mainly contained with 70% as chemicals in the production of stimulant tablets were found along the border areas in the east of Myanmar, Thailand and Laos. Due to the result of Caffeine-seizures, production

of stimulant tablets was able to control at a certain scale. Import of Ephedrine (or) Pseudoephedrine tablets, which is the main precursor for the production of ICE, has decreased to a certain limit and according to the seizure data, non-controlled chemicals are being smuggle in for the preparations of ephedrine.

9. Since the P2P which is the main raw material for the production of narcotic drugs and psychotropic substances are controlled from the multiple aspects, drug syndicates have started using Sodium Cyanide to produce P2P, and illegally smuggled into Myanmar. According to the seizure data, there were 19,000 kg of Sodium Cyanide in 2017, 23,550 kg of Sodium Cyanide in 2018, 4,640 kg were in 2019, and 107,870 kg were seized in 2020. As the nation-wide, those of 50.84 % in Shan State and 23.34% in Kayin State, 21.78% in Mandalay Region, 1.61% in Bago Region and 2.41% in Mon State were seized.

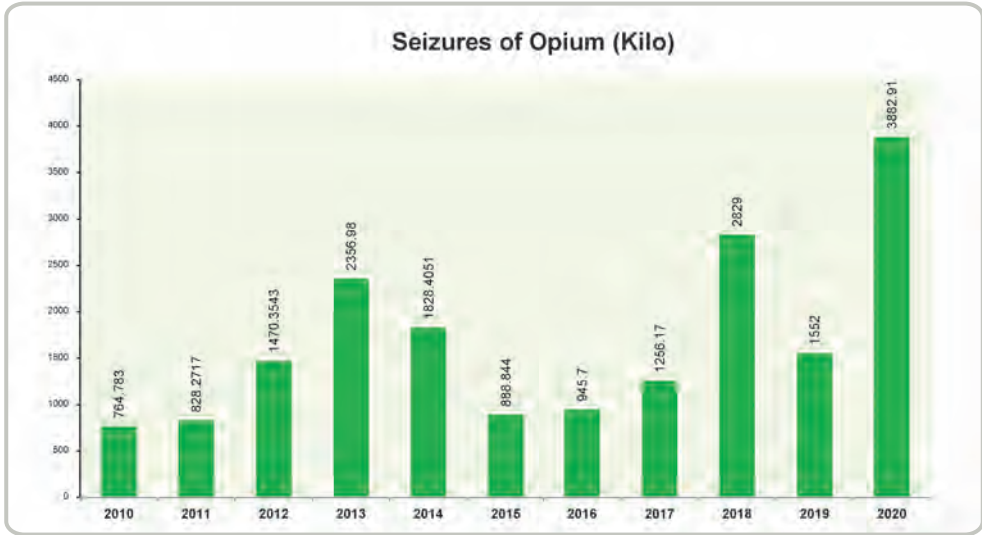

10. In 2020, a total of 19,994 offenders were arrested from 13960 drug related cases in 2019, a total of 18,407 offenders were arrested from 13,000 drug related cases in which were taken into legal actions. Therefore, 960 cases and 1,587 offenders in total decreased than 2019, but a value of 112.45 billion of drugs seized was increased than 2019. As it was found that in 2020, 8,075 seizures of stimulant tablets and 4,378 seizures of heroin in total could be made as 31.36% off seizures of narcotic drugs for heroin and stimulant tablets were found as 57.84% off the seizures of narcotic drugs.

11. Under the supervision of Drug Enforcement Division, 10 Sub-Divisions, 55 Anti-Narcotic Units, 142 gazetted-officers and 1,231 non-gazetted officers, a total of 1,373 persons have been undertaking the drug law enforcement activities.

Seizures of opium/ brown opium powder

12. In 2020, 3,882.908 kg of opium in 328 cases, 586.95 kg of brown opium powder in 4 cases were seized and in 2019, 1,552.6924 kg of opium in 308 cases and 5.65 kg of brown opium powder in (1) case. Therefore, 20 cases of opium seizures; weighing over 2,330.218 kg and 3 cases of brown opium powder; weighing 581.3 kg were seized increasingly than the year of 2019.

13. In 2020, for the seizures of opium in Regions/ States, there were 3,205.506484 kg of opium in 115 cases in the Shan State, 298.84112 kg of opium in 115 cases in the Sagaing Region, 187.908 kg of opium in 79 cases in Kachin State and 183.88542 kg of opium in 9 cases in Mandalay Region and 586.95 kg of brown opium powder in 4 cases in Shan State.

14. In 2020, the significant seizures of opium were 61.5 kg of opium in Kalaw Township on 2nd February, 2020 and 61.5 kg of opium in Kyae Thee Township in Shan State on 8th May, 2020, 76.5 kg of opium and 9.6 kg of solidified-concentrated opium in Kathar Township on 31st May, 2020, 63 kg in Moe Hnyin Township on 14th June, 2020, 79.87 kg in Thar Si Township on 8th July, 2020, 84 kg of opium and 0.88 kg of heroin in Muse Township on 26th July, 2020, 159.4 kg on 14th August 2020 and 100 kg in Pin Laung Township on 20th October, 2020, 225 kg in Phe Khon Township on 28th November, 2020, 79.2 kg in Pin Laung Township on 30th November, 2020 and as the significant seizures of brown opium powder, 90 kg of brown opium powder in Hsee Sai Township on 19th January, 2020 and 64 of brown opium powder in Kun Lon Township on 24th December, 2020.

Trafficking Routes of opium/ brown opium powder

15. According to drug seizures, the opium produced from Shan State were being transported through the following identified routes:

- (a) From Shan State (South) Taunggyi- Kalaw to Mandalay Region, and then to Sagaing Region and Kachin State
- (b) From Shan State (South) Phel Kon- Pinlaung- Aungpan- Meiktila to Mandalay Region- Sagaing Region- Kachin State
- (c) From Shan State (South) Taunggyi- Kalaw- Aung Pan- Ywar Ngan- Mandalay Region

- (d) Shan State (South) Pin Laung- Pyinmanar- Mandalay- Shwe Bo- Moe Nyin- Moe Kaung- Phar Kant
- (e) Shan State (South) Pin Laung- Ka Law- Thar Si- Meiktilar- Shwe Bo- Kaw Lin
- (f) From Shan State (North)- Kyauk Mae- Naung Cho- Mandalay- Inn Taw- Moe Nyin
- (g) Shan State (North) Lashio Township, from Nam Paung village- Muse Township- Ho Laung
- (h) Shan State (North) Tant Yan- Lashio- Kut Kai
- (i) From Kayah State Phe Kon- Moe Byae- Phekon- Pin Laung- Tee Kyit- Kalaw- Kywee Tat Sone- Thar Si- Kyauk Se- Mandalay- Mattayar- Tha Peik Kyin- Htee Chyaint- Inn Taw- Moe Nyin- Phar Kant
- (f) From Kayah State, opium brown powder to Phe Kon- Moe Byae- Hsee Hsai- Hsaik Khaung- Mauk Mel- Moe Nae- Namt San

Seizures of Heroin

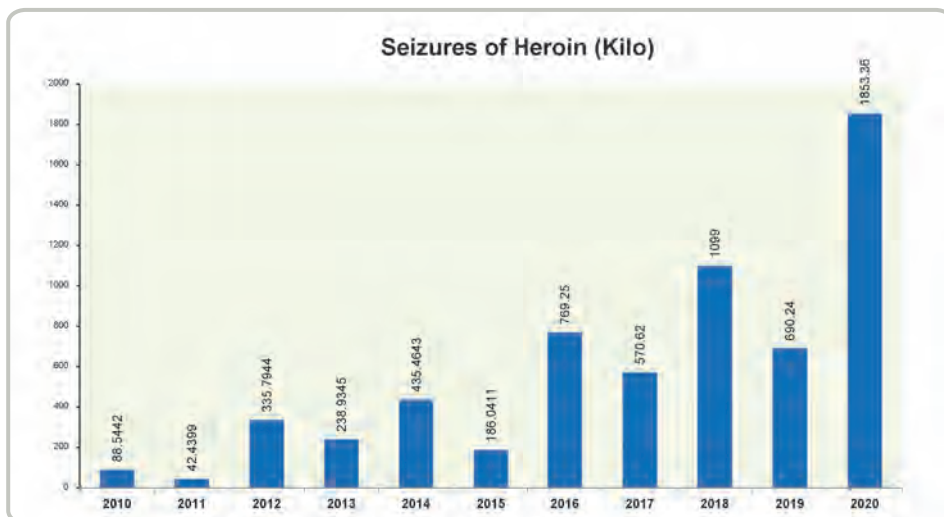

16. Since 1,853.3631 kg of heroin were seized from 4378 cases in 2020 and 690.2404 kg of heroin from 3827 cases in 2019, and in 2020, there were 551 cases by seizing over 1,163. 1227 kg of heroin which indicated that more seizures were made in 2020 than 2019.

17. As from the seizures of heroin in Regions and States in 2020, 1,088.372644 kg of heroin were seized from 392 cases in Shan State, 52.8389 kg from 1414 cases in Kachin State, 189.996237 from 2128 cases in Sagaing Region, 268.6680511 kg from 327 cases in Mandalay Region, 0.425211 kg from 45 cases Yangon Region, 6.78397 kg from 11 cases in Nay Pyi Taw Council area, 0.16703 kg from 44 cases in Magwe Region, 0.17713 kg from 11 cases in Chin State, 245.84 kg from 2 cases in Karen State, 0.0315 kg in 2 cases in Kayah State, 0.0544kg from 1 case in Rakhine State and 0.00001 kg from 1 case in Ayarwaddy Region and 0.008 kg in Mon State.

18. In 2020, the significant seizures of heroin were 13.2 kg in Kyauk Mae Township, Shan State on 2nd February, 22 kg of heroin and 549,000 tablets of yaba tablets in Kyaukse Township on 10th February, 2020, 24.12 kg of heroin in Mongpan Township on 29th February, 2020, 70.18 kg of heroin in Phekhone Township on 3rd March, 2020, 10.56 kg of heroin in Tamu Township on 11th March, 2020, 36.75 kilograms of heroin, 10 kg of ICE and 40,000 yaba tablets in Muse Township on 18th March, 2020, 14 kg of heroin in Tachileik, on 14th April, 2020, 38.76 kg of heroin, 25 kg of Ice and 120,000 stimulant

tablets in Muse on 16th May, 2020, 22 kg of heroin in Theinni Township on 13th June, 2020, 18.7 kg of heroin in Pyigyidagun Township, Mandalay on 16th June, 2020, 17.6 kg of heroin and 125,400 stimulant tablets in Pinglelbu Township on 24th June, 2020, 26.18 kg of heroin and 800,000 stimulant tablets in Naungcho Township on 8th July, 2020, 25.19 kg of heroin and 508,000 stimulant tablets in Pyin Oo Lwin Township on 16th July, 2020, 23.98 kg of heroin and 87,750 stimulant tablets in Pinlebu Township, on 5th August, 2020, 45.758 kg of heroin in Loi Lem Township on 3rd September, 2020, 108.15 kg of heroin, 9 kg of Ice, 948,240 stimulant tablets, 1 kg of ketamine and 0.45 kg of crashed stimulant pieces in Thanbyuzayat Township and Phaya Thonesu To wnship on 11th September, 2020, , 13.2 kg of heroin in Pyin Oo Lwin Township on 13th September, 2020, 110.95 kg of heroin in Kengtung Township on 12-10-2020, 21.98 kg of heroin in Kalaywa Township on 21st September, 2020, 15.29 kg of heroin and 435,600 stimulant tablets in Pa Lae Township on 6th November, 2020, 7.92 kg of heroin and 140,000 stimulant tablets on 8th November, 2020 and 14.3 kg of heroin and 16,000 stimulant tablets on 16th November, 2020 in Naung Cho Township, 8.62 kg of heroin in Patheingyi Township on 20th November, 2020, 88 kg of heroin, 17.5 kg of opium and 5,700 stimulant tablets in Patheingyi and Mohnyin Townships on 27th November, 2020, 17.48 kg of heroin in Muse Township on 11th December, 2020, 27.35 kg of heroin in Moe Goke Township on 15th December, 2020, and 105 kg of heroin in Tachileik Township on 31st December, 2020.

Trafficking Routes of Heroin/ yaba Tablets

19. According to the seizure cases, the trafficking routes of heroin and yaba tablets from Shan State were identified as follow:

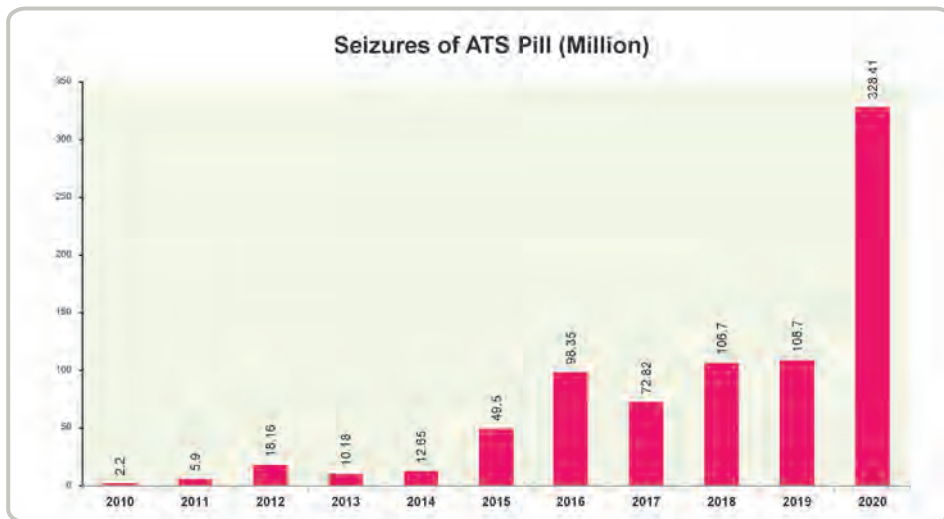

- (a) From Shan State (South)- Hsaung Pyaung- Pin Laung- Aung Pan- Ywar Ngan- Kyauk Se- Mandalay- Sagaing- Wontho- Pinlelbu- Phaungpyin/ Bhamaw
- (b) From Shan State (South) to Taunggyi- Yap Sauk- Ywar Ngan- Thanywar- Kyauk Se- Yangon- Mandalay Old Road- Phaya Gyi- Mawlamyine- Kyaikmayaw- Chaung Nit Khwa- Koe Taing- Myawaddy- Wai Lay to Thailand

Seizure of yaba tablets

20. A total of over 328.410 million yaba tablets in 8,075 cases were seized in 2020 and over 108.719 million yaba tablets in 7886 cases in 2019. Therefore, it was found that the situation on the seizures yaba tablets in 2019 increased over 219.691 million and 189 cases.

21. In 2020, as for the seizures of yaba tablets in regions and states, over 265 million of stimulant tablets in 2,100 cases in Shan State, over 22.4 million stimulant tablets in 137 cases in Rakhine State, over 6.3 million yaba tablets in 627 cases in Mandalay Region, over 5.4 million yaba tablets in 468 cases in Sagaing Region, over 15.5 million yaba tablets in 1697 cases in Yangon Region, over 3.2 million yaba tablets in 210 cases in Bago Region, over 1.8 million yaba tablets in 463 cases in Kachin State, over 0.5 million yaba tablets in 40 cases in Magwe Region, 0.8 millions stimulant tablets in 884 cases in Tanintharyi Region and over 1.2 million yaba tablets in 433 cases in Kayin State, over 2.7 million yaba tablets in 712 cases in Mon State, over 1.1 million stimulant tablets in 125 cases in Kayah State and over 0.019 million stimulant tablets in 111 cases in Ayarwaddy Region.

22. In 2020, the significant seizures yaba tablets were found: In Mong Hsat Township, 1.21 million yaba tablets were seized on 26th February, 2020, 1.87,715 million

yaba tablets on 31st March, 2020, 3.2 million yaba tablets in Mong Hsat Township on 30th May, 2020, 7.0907 million stimulant tablets on 30th May, 2020 and 2.4375 million yaba tablets on 31st May, 2020 in Maungdaw Township, 6.502 million yaba tablets on 14th June, 2020 and 2 million yaba tablets, 2.45 kg of heroin, arms and ammunition on 17th June, 2020 in Tachileik Township, 1.376571 million yaba tablets in Mong Tong Township on 25th June, 2020, 6.48 million yaba tablets in Mong Hsat Township on 29th June, 2020, 1.966 million yaba tablets in Tachileik Township on 30th June, 2020, 1 million yaba tablets in Pin Laung Township on 15th July, 2020, 1.998 million yaba tablets in Kalay Township on 26th July, 2020, 6.4 million yaba tablets in Tachileik Township on 7th August, 2020, 1.29 million yaba t tablets in Kyaik Hto Township on 10th August, 2020, 1.0032 million yaba tablets and 3.3 kg heroin in Tamu Township on 23rd, August, 2020, 2.016 million yaba tablets in Pantaung Township on 26th September, 2020, 1.698 million yaba tablets in Tachileik Township on 5th October, 2020, 1.82 million yaba tablets in Kyaukse Township on 10th October, 2020, 8.9 million yaba tablets on 25th October, 2020 in Mingaladon Township, 1 million yaba tablets in Kyaukse Township on 6th November, 2020, 4.66 million yaba tablets in Mingaladon Township on 27th November, 2020, 2.044 million yaba tablets in Naungcho Township on 7th December, 2020, 8 million yaba tablets in Loi Lem Township on 21st December, 2020 and 1.05 million ecstasy tablets in Hse Hsaing Township on 25th December, 2020.

Trafficking routes of yaba tablets

23. According to the seizure cases, the trafficking routes of yaba tablets from Shan State were identified as follow:

- (a) From Shan State (South)-Taunggyi-Pinlaung-Laingli-Tat Kone-Pyawbwel-Nat Mauk- Magwe- Padan Maungdaw
- (b) From Shan State (South)- Taunggyi Ward, Yap Sauk- Ywar Ngan- Than Ywar- Kyaukse - Yangon- Old Mandalay Road- Phayargyi- Mawlamyine- Kyaikmayaw- Chaung Hnit Khwa- Koe Taing- Myawaddy- Waw Lay- Thailand
- (c) Shan State (South); Wam Haing Region- Wam Haing- Mong Yel- Saung Kyae- Nam Lam- Naung Woe- Saik Khaung- Kyauk Gu- Naungcho

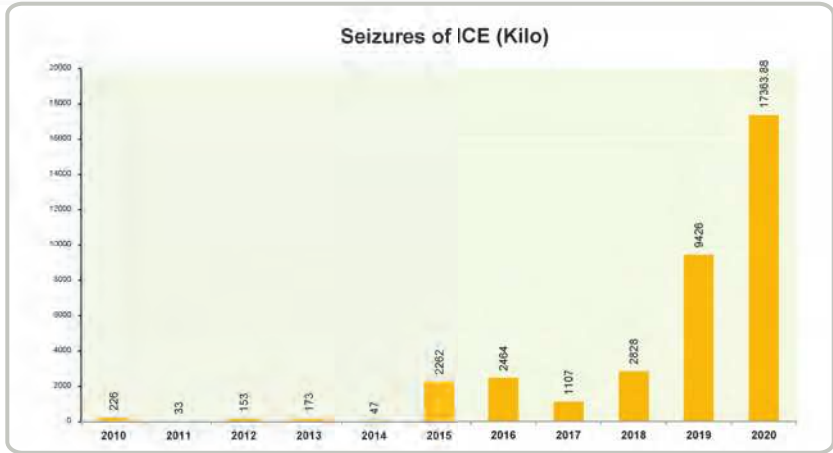

- (d) Shan State (South); From Wan Haing, Wan Haing- Sein Kyawt- Saung Kyae- Pan Nyu- Thi Baw- Pyin Oo Lwin- Mandalay- Yangon
- (e) Shan State (South); From Wan Haing, Wan Haing- Tant Yang Branch Road- Thipaw- Pyin Oo Lwin- Mandalay- Yangon Old Mandalay Road- Phayargyi- Kyaikhto- Mawlamyine
- (f) Shan State (South); From Wan Haing area- Wan Haing- Mong Naung- Leichar- Loi Lin- See Saing- Loikaw- Taunggoo- Phayargyi- Hpa-An - Myawaddy- Thailand

Seizure of ICE

24. 17,363.87 kg of ICE in 244 cases were seized in 2020 and 9,426.19 kg of ICE in 198 cases in 2019. Therefore, it was found that the situation on the seizures of Ice in 2020 increased 7,937.68 kg and 46 cases.

25. In 2020, as the seizures of Ice in regions and states, 11,614.611 kg in 48 cases in Shan State, 207.452386 kg in 104 cases in Tanintharyi Region, 1,689.57677kg in 49

cases in Yangon Region, 0.2786 kg in 1 case in Ayeyarwady Region, 0.3235 kg in 3 cases in Kachin State, 1,989.5245 kg in 9 cases in Kayin State, 31.13723 kg in 19 cases in Mon State, 345.11885 kg in 8 cases in Mandalay Region, 0.0005 kg in Sagaing Region, 100.00905 kg in 2 cases in Bago Region, 1380 kg in 1 case in Rakhine State and 5.84502 kg in Nay Pyi Taw Union Region were seized.

26. In 2020, the significant seizures of ICE were carried out in which led to a seizure of 336 kg of Ice in Keng Tong Township on 24th January, 2020, 217 kg of ICE and 1,678,000 yaba tablets on 8th March, 2020, and on 22nd March, 2020 and 124 kg of ICE and 248,000 of yaba tablets in Ywar Ngan Township, 375 kg of ICE in Tachileik on 13th August, 2020, 22 kg of ICE and 565,500 yaba tablets in Thahton Township on 13th August, 2020, 500 kg of ICE in Mong Hsat Township on 4th October, 2020, 50 kg of Ice in Tachileik Township on 19th October, 2020, 124 kg of ICE, 2,000 yaba tablets, 650 kilograms of caffeine and 22 tablet-moulding rods in Mong Hsat Township on 24th October, 2020, 500 kg of ice in Taunggyi and Aung Pan cities, on 3rd October, 2020, 80 kg of Ice in Loi Lem Township, on 16th November, 2020, 50 kg of ICE in Tachileik Township, on 16th December, 2020, 343 kg of Ice in Patheingyi Township on 25 December, 2020 and 100 kg of ICE in Daik Oo on 30 December, 2020.

Trafficking routes of ICE

27. According to the seizure cases, the trafficking routes of ICE from Shan State were identified as follow:

- (a) From Shan State (South) to Taunggyi- Yardo- Leiktho- Taung Ngu- Expressway- Htaukkyant- Hmawbi- Pyay- Taungkoteto Malaysia and Indonesia waters

- (b) From Shan State (South) to Taunggyi- Yardo- Leiktho- TaungNgu- Htantabin- Yangon-Pyay-Taungkote-Sittwe

Seizures of Ketamine

28. A total of over 888.52 kg of Ketamine in 16 cases were carried out during 2020 and 1,095.95 kg of Ketamine in 19 cases during 2019. Therefore, it was found that the situation on the seizures of Ketamine in 2020 has decreased than 2019.

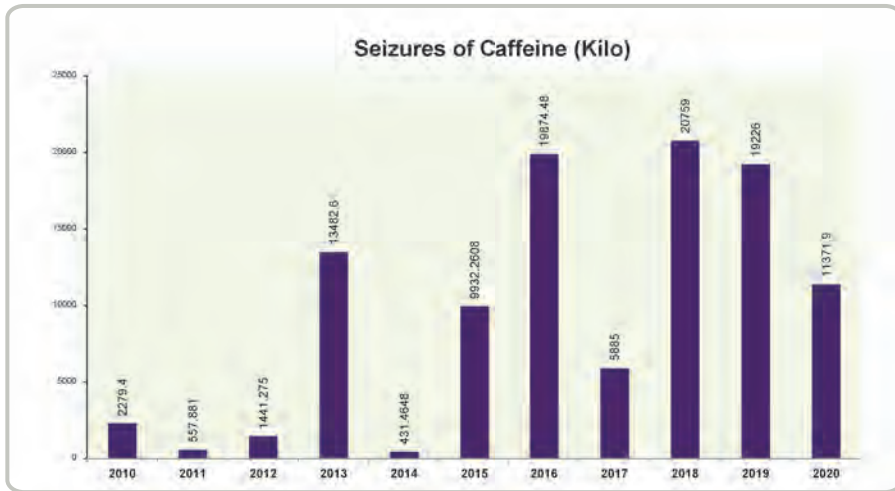

29. In 2020, as for the seizures of Ketamine in regions and states, 0.86 kg in 1 case in Kachin State, 391.335 kg in 11 cases in Shan State, 0.00142 kg in 1 case in Yangon Region, 490 kg in 1 case in Tanintharyi Region, 5.33 kg in 2 cases in Mandalay Region and 1 kg in Kayin State.

30. In 2020, the significant seizure of Ketamine was carried out in which led to a seizure of; 2,520 kg of Ketamine in Tachileik Township on 31st October, 2020.

Trafficking routes of Ketamine

31. According to the seizure cases, the trafficking routes of Ketamine from Shan State were identified as follow:

- (a) Shan State (East)- Mong Pauk- Mong Phyan- Mong Lar- Kyaing Tong- Tachileik
- (b) Shan State (South)- Wam Haing- Nam San- Mong Kai- Kyae Thee- Mong Yal- Lashio
- (c) Shan State (South)- Wam Haing- Nam San- Taung Gyi- Pyaw Bwel- Bago- Yangon- Pyay- from Gwa along the sea routes
- (d) Shan State (South)- Wam Haing- Nam San- Taung Gyi- Kayah State- Kayin State- Mon State (Mawlamyaing)- via Kyaikkhami along the sea routes
- (e) Shan State (South)- Wan Haing- Nam San- Taung Gyi- Loi Kaw- Taung Ngu- Htan Tabin- Shwe Kyin- Thein Zayat- Kyaing Hto- Tha Ton- Mawlamyaing- from Phaya Thonesu to Thailand border
- (f) Shan State (South)- Wan Haing- Nam San- Taung Gyi- Mandalay- Bago- Mon State/ Kayin State/ Tanintharyi Region

Seizures of contained Ephedrine and Pseudo-ephedrine tablets

32. The seizure of Pseudo-ephedrine tablets in 2020 was over fifteen hundred thousand tablets as of 2.7 kg of Pseudo-ephedrine powder in 2 cases and 630 kg of Ephedrine powder in 2 cases, and in 2019, 4.02 kg of Ephedrine in one case. Therefore, in 2020, it was found that fifteen hundred-thousand tablets of Pseudo-ephedrine, 2 kg of Pseudo-ephedrine powder in 2 cases and 625.98 kg of ephedrine in one case were seized increasingly.

33. In 2020, there were seizures of ephedrine / pseudoephedrine in each region and state; 631.5 kg in 2 cases in Shan State; 0.9 kg in one case in Yangon Region, 1.8 kg in one case in Mandalay Region were seized.

34. According to the seizure, it was observed that trafficking routes of Ephedrine and Pseudo-ephedrine were found as follows:

- (a) From India- Tamu- Kalay- Mon Ywar- Mandalay- Shan State
- (b) From Thailand- Tachileik
- (c) From China- Muse / Laukkai- Konekyan- Kutkai

Seizures of controlled substances

35. Since 28 types of chemicals which are essential in the production of drugs in Myanmar, it was found according to the seizures that the drug traffickers imported the

chemicals which are not controlled and imported, besides the controlled chemicals and they have been using these chemicals after processing. Starting from 27th February, 2020, according to the requirements, 10 types of chemicals were controlled and therefore, a total of 38 types of chemicals have been controlled in the country. In 2020, 57 cases were arrested for a total value of 6538.54343 million kyats and in 2019, 54 cases of controlled chemicals were seized for a total of 7012.63846 million kyats. Therefore, 3 cases were increased than 2019 and the total value was less.

36. As for the seizures of controlled chemicals in 2020, 160 liters of 1-Phenyl 2-Propanone, 8000 liters of Benzyl Cyanide, chemicals and related paraphernalia for drug processing on 2nd January, 2020, 400 liters of propionyle chloride solution; 400 liters of mixedlithium iodine morphine solution mixture and chemicals on 13th January, 2020 in Muse Township; in Tachileik Township, 800 kg of sodium nitrate on 27th January, 2020; in Nam kham and Muse Townships, 12,400 kg of sodium e-thylxideon 3rd February, 2020; 25600 liters of ethyl acetate in Mong Naung on 7th May, 2020, 26560 liters of ethyl acetate in Mong Naung on 1st March, 2020, 1,120 liters of methylamine, 12,800 liters of ethanol, 6,880 liters of benzyl cyanide; 3,000 kg of sodium eoxide, 1,125 kg of De el-tartaric acid and related chemicals/ powders and related materials used in drug production in Muse on 21st May, 2020, 13,500 liters of acetone and 14,400 liters of Toluene in Pyin Oo Lwin Township on 1st June, 2020, 27,680 kg of sodium nitrate in Kyaik Hto Township and Myawaddy Township on 5th June, 2020, 18,000 kg of sodium nitrate, 12.52 kg of stimulant pills and related materials used in drug production in Kalaw Township on 8-6-2020, 9720 liters of hydrochloric acid in Pyin Oo Lwin Township on 13th July, 2020, 10,080 liters of hydrochloric acid in Amarapura Township on 13th July, 2020, 23,500 kg of sodium cyanide in Patheingyi Township on 17th July, 2020, 10,280 liters of acetic anhydride and 1,320 liters of hydrochloric acid on 1st August, 2020 in Mong Naung Township, 11,988 liters of sulfuric acid in Pyin Oo Lwin Township on 16th September, 2020, 1,500 liters of acetic anhydride, 2,640 liters of dichloromethane and 975 kg of theophyllene in Theinni Township on 25th September, 2020, 4,800 liters of dimethyl sulphate and 1,875 kg of theophyllene in Namkham Township on 26th September, 2020, 750 kg of tartaric acid, 11,500 kg of theophyllene, 1,000 kilograms of bone charcoal, drugs and related materials for drug production on 26th September, 2020, 16,600 kg of sodium cyanide and 160 kg of potassium phosphate on 30th September, 2020 in Muse Township were seized.

Trafficking routes of controlled chemicals

37. According to the seizure cases, the trafficking routes of controlled chemicals were identified as follow:

- (a) Trafficking route from Myawaddy on the Thai-Myanmar border
 - (1) From Myawaddy- Kawkareik- Hpa An- Tha Hton- Kyaik Hto- Phayargyi to Yangon / Mandalay and Shan State
 - (2) Myawaddy- Kawkareik- Eindu- Zarthapyin- Athtaran Bridge- Mawlamyine- Thanlwin Bridge (Mottama)- Tha Hton- Kyaik Hto- Phayargyi- Yangon / Mandalay and Shan State

Seizure of Caffeine

38. In 2020, 11,371.9 kg of Caffeine were seized in 7 cases and in 2019, 19,226 kg of Caffeine in 10 cases. Therefore, it was found that the seizures decreased than 2019.

39. In 2020, as the seizures of Caffeine in regions and states were 11,236.9 kg in 7 cases in Shan State and 135 kg in Mon State.

40. In 2020, significant seizures of Caffeine are 1000 kg on 25th January, 2020 and 915 kg on 8th May, 2020 in Tachileik Township, 2500 kg in Mong Hsat Township on 7th July, 2020, 200 kg in Mong Naung Township on 1st August, 2020, 1,225 kg in Mong Hsat Township on 21st August, 2020, 1000 kg in Tachileik Township on 23rd November, 2020 and 400 kg in Mong Hsat Township on 9th December, 2020.

Trafficking routes of Caffeine

- 41. It was observed that the Caffeine was trafficked as the following identified routes:
 - (a) Thailand- Chiang Rai District - Tachileik
 - (b) Vietnam- Laos- Mekong River- Tar Lay- Tachileik- Mong Hsat- Shan State (South)
 - (c) China- Laukkai- Kutkai

Activities on Drug Law Enforcement Efforts in the Border Areas

42. A total of 13 Borders Liaison Offices were established, in which 4 BLOs in LweJel, Muse, auk Kai and Myitkyina in the border area with China; 2 BLOs in Wam Pon and Wam Kyin in the border with Laos; 3 BLOs in Tachileik, Myawaddy and Kawthaung in the border area with Thailand; 3 BLOs in Pan Saung, Tamu and Reih Khau Dar in border areas with India, and 1 BLO in Maung Taw in the border area with Bangladesh

were established to exchange information and cooperate between the border-sharing countries in undertaking the drug law enforcement tasks. As the exchange of information and cooperation were operated through the BLOs, the offenders who committed different crimes and absconded into the border areas were handed over between the two countries. As a result, the mutual extradition has been carried out with neighboring countries, during 2001- 2020, 72 offenders in 28 times from Myanmar to China and from 2004 to 2013 17 offenders in 18 times from China to Myanmar were extradited. And also 20 Offenders in 16 times to Thailand were handed over by Myanmar during 1997-2020 and 3 offenders in 3 times from Thailand to Myanmar during 2005- 2013. Myanmar extradited 1 offender in 1 time to Italy and 1 offender in 1 time to Japan in 2005, and in 2018 Cambodia extradited 1 offender in 1 time to Myanmar.

Efforts on undertaking of public cooperation and participation plan on the drug prevention and suppression activities

43. In order to implement effective drug prevention and suppression activities, the public cooperation and participation plan of the drug prevention and suppression has been drawn up and implemented and the effective drug law enforcement activities were carried out in States and Regions.

stimulant tablets, 20 tablet- beating rods with 88 logos, 20 rods with 1 logo, 20 rods with R logo, 20 rods without logo, 12000 plastic bags, 750 kg of Tartaric Acid, 11500 kg of Theophylline, 1000 kg of bone charcoal, 2400 liter of Dimethyl Carbonate, 640 liters of Phosphoric Acid 10 Percent liquid and related materials in the warehouse and the MDY 2Q-5680 CANDA vehicle . Under interrogation, it was exposed that Ah Tee @ Tom Yin Rain (male) handed over the seized items to keep. Yin Kwel Shaing (male), 33 years old, (father) U Yin Ji Pin, Mone Wun Chinese/ Buddhist, merchant, Apartment No (L-17), White Elephant Market, Kaung Mu Ton Quarter, Muse and Ahti @ Tom Yin Rain (male), Mone Wun Chinese Chinese national, (address unknown), in total of (2) offenders were taken into action at the Muse Township Police Station with Narcotic (FIR) No. 93/ 2020 under the Sections- 16(b)/19(a) of the Narcotic Drugs and Psychotropic Substances Law.

Seizure of 16600 kg of Sodium Cyanide and 160 kg of Potassium Phosphate in Muse Township

200. On 30th September, 2020, the Anti-Narcotic Unit (22) Muse searched the YGN 1F-4653 HUUNDAI 14-wheeled vehicle driven by Thet Naing Moe (male) accompanied by Myo Tun Oo (male) at the 105-mile checkpoint, Muse Town and seized 10250 kg of Sodium Nitrate and a mobile phone. Under investigation, San Win Htike (male) ordered

to transport and the unit searched the warehouse no. (11) in Myay Ni car compound, Swam Saw Ward, Muse town and seized 6350 kg of Sodium Cyanide and 160 Potassium Phosphate. San Win Htike fled and avoided away during searching of his house. Thet Naing Moe @ Phoe Khwar (male), 23 years old, (father) U Aung Nyunt, Myanmar/ Buddhist, (S-9/70), 62-A Road, between 134 and 135 Streets. (I) Ward, Industrial Zone (1), Pyaygyi Tagun Township, Myo Tun Oo (male), 27 years old, (father) U Win Naing, Myanmar/ Buddhist, (La La- 15), between 56 and 57 Streets. 140 - A Road, (I) Ward Pyigyidagun Township and San Win Htike (male) (not arrested), 39 years old

(father) U San Maung, Myanmar/ Islam, House No. (H-16/86, Homon Ward, Muse Town, in total of (3) offenders were taken into action at the Muse Township Police Station with Narcotic (FIR) No. 104/ 2020 under the Sections- 16(b)/ 21 of the Narcotic Drugs and Psychotropic Substances Law.

Seizure of 1,000 kilograms of Caffeine in Tachileik Township

201. On 23rd November, 2020, under the Mann-Kabawza II Special Operation, the Anti-Narcotic Unit (30) Tachileik searched YGN 9J-6947 VIGO lead-colored double-cab vehicle which stopped while the officer fired a warning shot near Lwan Saydi Pagoda in the crossroad of Shaung Kwin Road for Mae Yan combined check-point from Mae Leik Pa Kaw village to Wan Sauk Khon village and a man on the car fled into the forest and 1000 kg of Caffeine in the cement bags beside the driver seat, middle part and back part of the car were seized. The owner (still under investigation) was taken into action at the Haung Leik Local Police Station with Narcotic (FIR) No. 104/ 2020 under the Sections- 16(b)/ 21 of the Narcotic Drugs and Psychotropic Substances Law.

**The narcotic drugs, psychotropic substances and precursor chemicals seized by
Tatmataw, Myanmar Police Force and Custom in 2020**

Chapter (5)

**Supervision of Controlled
Precursor Chemicals**

Supervision of Controlled Precursor Chemicals

1. The Central Committee for Drug Abuse Control was reconstituted under the Notification No. (1/2020) of the Central Committee for Drug Abuse Control, Ministry of Home Affairs on February 3, 2020. In the (11) Working Committees which were newly reconstituted for the suppression and prevention of danger of narcotic drugs and psychotropic substances, the Committee for the Supervision of Controlled Precursor Chemicals was also designated and given its formation, tasks and duties. In the Committee for the Supervision of Controlled Precursor Chemicals, Deputy Chief (2) of Myanmar Police Force acts as Chairman and members of the committee are from the respective ministries.
2. On July 1, 2004, the Rules on the Supervision of Controlled Chemicals was issued with (15) Chapters under the Notification No. (3/2004) of the Ministry of Home Affairs and there has been following and undertaking in line with the rules. Besides the anti-narcotic units conduct the drug enforcement works for the precursor chemicals not to divert into the situation to produce the illicit narcotic drugs, and the control, monitoring and supervision were conducted for the chemicals which were applied to produce the household goods through the official ways into Myanmar and not to flow into the wrong ways.
3. On July 10, 2009, the State/Region Controlled Precursor Chemicals Inspection Committees were constituted under the Rules on the Supervision of Controlled Precursor Chemicals for the transports across States / Regions, storage, possession, and retailed and whole sale distribution of the controlled precursor chemicals not to divert into the illegal ways.
4. In Myanmar, in order to more effectively undertake the drug law enforcement works and according to the United Nations Conventions and the necessity of Myanmar, the Ministry of Health and Sports issued the notification order for (38) types of chemicals as follow:
 - (a) Acetic anhydride
 - (b) N – acetylanthranilic acid
 - (c) Ephedrine
 - (d) Ergometrine

- (e) Ergotamine
- (f) Isosafrole
- (g) Lysergic acid
- (h) 3,4-methylenedioxyphenyl-2-propanone
- (i) Norephedrine
- (j) 1-phenyl-2-propanone
- (k) Piperonal
- (l) Potassium permanganate
- (m) Pseudoephedrine
- (n) Safrole
- (o) Safrole rich oil
- (p) 4-anilino-N-phenethylpiperidine (ANPP)
- (q) N-phenethyl-4-piperidine (NPP)
- (r) Methylamine/Methylamine Hydrochloride
- (s) Ammonium Chloride
- (t) Sodium Acetate
- (u) Lead Acetate
- (v) Tartaric Acid
- (w) Sodium Cyanide
- (x) Ammonium Nitrate
- (y) 3,4-MDP-2-P methyl glycidate” (“PMK glycidate”) (all stereoisomers)
- (z) “3,4-MDP-2-P methyl glycidic acid” (“PMK glycidic acid”) (all stereoisomers) (27) alpha-phenylacetoacetamide (APAA) (including its optical isomers)
- (aa) Acetone
- (bb) Anthranilic acid
- (cc) Ethyl ether (or) Diethyl ether
- (dd) Hydrochloric acid
- (ee) Methyl ethyl ketone
- (ff) Phenylacetic acid
- (gg) Piperidine
- (hh) Sulphuric acid
- (ii) Toluene

- (jj) Caffeine
- (kk) Thionyl Chloride

5. The Committee for the supervision of controlled precursor chemicals scrutinized and endorsed as follows in 2020 when the companies/ entrepreneurs applied the permission from the Ministry of Commerce and Trade to receive the import license to import the controlled chemicals from abroad:

(a) Acetone	154	MT	9	Litre
(b) Hydrochloric Acid	7215.54	MT	135	Litre
(c) Methyl Ethyl Ketone	19297.57	MT		
(d) Sulphuric Acid	50153.43	MT	107.5	Litre
(e) Toluene	3956.29	MT	30	Litre
(f) Norephedrine Hydrochloride	2858	Kg		
(g) Acetic anhydride	25	Litre		
(h) Potassium Permanganate	57.2	MT		
(i) Sodium Cyanide	3920	MT		
(j) Diethyl Ether	5609	Kg		
(k) Ammonium Chloride	5637	MT		
(l) Caffeine	500.69	Kg		
(m) Lysergic	0.00035	gm		

6. The committee has been scrutinizing and approving the companies and domestic entrepreneurs and departmental organizations for the use and resale of the chemicals to receive the import permission and in 2020, there were a total of 58 companies/ entrepreneurs; 41 companies/ entrepreneurs, 9 companies/ entrepreneurs for wholesale, 6 applications for permission from the departmental and 2 companies for their own-use in domestic production.

7. In the case of using controlled precursor chemicals in domestic, the controlled precursor chemicals were scrutinized and supervised in Regions/ State not to divert the wrong ways, there were 714 times of surprised/ regular inspections, 531 times of educative awareness talks and 474 times from Yangon Region across other Regions / States, which were monitored and supervised.

8. Annual and monthly questionnaires on International Narcotics Control Board (INCB) has been sent out to the relevant ministries to be filled with the designated forms and then collected and replied to INCB in timely manner.

9. Annual Report Questionnaire-ARQ of United Nations Office on Drugs and Crime-UNODC bases in Vienna, Austria has been sent out to the relevant ministries to be filled with the designated forms and then collected and replied to UNODC and also replied the questions of INCB.

10. In case of conducting to import controlled precursor chemicals from abroad for companies/ entrepreneurs in Myanmar, and requesting to scrutinize through the system of Pre-Export Notification (PEN) to abroad countries for that whether the importation is legitimate or not, in 2020, there were 104 times of enquires requesting to member states; Malaysia, Thailand, Singapore, Indonesia, China and Vietnam, 94 times were replied for scrutinized and approved and 10 times were objected.

Documentary Photograph of inspecting of a company where controlled chemicals were stored and used in Yangon Region

Chapter (6)

**Mobilizing Community to Participate in
Fight Against Drug**

Activities of Myanmar Anti-Narcotics Association

Introduction

1. Being honored as International Day Against Drug Abuse and Illicit Trafficking Day, Myanmar Anti-Narcotics Association (MANA) was founded by interested volunteers from different sectors on 26th June 1994. It was registered by the Registration Unit of the General Admin Department of the Ministry of Home Affairs dated 12 October 1994. On 18th September 2017, MANA received a temporary registered number of National Organizations from the Registrar General Department, Ministry of Home Affairs.

2. Vision of MANA is a Drug-free Society. Goal of MANA is a Healthier and Safer Society where the impacts of drug and substance abuse are minimized and there is increased access to a better quality of life for at risk populations including drug users and their communities. Mission of MANA is that MANA works by its own Strategic Plan and Operational Plan by each 5years arrangement (2016-2020), (2011-2015) and (2006-2010). Fundamental of MANA's SP/OP: Demand Reduction, Harm Reduction, Project/Program Collaboration and Service Integration to work directly for targeted end beneficiaries based on their prioritized needs. MANA, one of the National Non-Governmental Organizations, has been vigorously working for anti-narcotic activities as a National Concern for more than two decades, and at the same time, Regional and State level MANA Branches have been fully established well across the country. Organization's funds were increased than that of previous years by dedicated efforts of fund raising activities led by the President of MANA and respective supporting groups. The organization as a whole also improved by the efforts of consultants group working in effective collaboration with respective Ministries - Ministry of Health , Ministry of Home Affairs - and working together with other stakeholders - UN agencies, INGOs, NGOs, CBOs, CSOs and other relevant partners. In addition, MANA has uninterruptedly provided Information Education Sessions on harms of gate-keeper drugs that are smoking cigarettes and drinking alcohol.

The status of established different level MANA

- | | | | |
|----|-----|------------------|------------|
| 3. | (a) | Regional level | 8 branches |
| | (b) | Nay Pyi Taw MANA | 1 branch |

(c)	State level	9	branches
(d)	District level	32	branches
(e)	Township level	154	branches
(f)	Honorable member	11	persons
(g)	Permanent member	3689	persons
(h)	Executive Committee	30	persons
(i)	Central Executive Committee	19	persons

Leading Committees of MANA

4. The following are the President and the members of the Central Executive Committee (CEC) of the organization, MANA:

(a)	U Soe Win (Retired Director General)	President
(b)	U Saw Ngwe (Retired DDG) (Admin/Management)	Vice-President
(c)	U Thein Kyi (Retired Police Colonel) (Admin/Management)	Vice-President
(d)	U Myint Khaing	Secretary
(e)	U Sein Myint (Htun) (International Relations)	Joint Secretary
(f)	U Myint Soe (Management/Coordination)	Joint Secretary
(g)	U Bo Gyi	Finance
(h)	U Tin Htut	Audit
(i)	U Sai Aung Min (Retired Police Lt Colonel)	CEC
(j)	U Aung Kyi	CEC
(k)	U Zaw Than Maung (Retired Lt Colonel)	CEC
(l)	U Ko Ko Lay	CEC

(o)	Daw Saw Thiri Theingi	CEC
(p)	Daw Aye Aye Aung	CEC
(q)	Dr. Aung Thaw	CEC
(r)	U Yin Kyaw	CEC
(s)	Daw Cho Cho Aye	CEC

Publishing and Distribution of Mirage Journal

5. Mirage Journal has been published in serial order by MANA as an Edutainment Journal, focusing on disseminating drugs related information including harmful effects of tobacco and alcohol. In 2020, Series 9, No.1, 2, 3 and 4 were published on a monthly basis as of April. In August and September, Series 9, No.8 and 9 were published. Afterwards, Journal publishing stopped in May, June, July, October, November and December 2020 following the rules and regulation of COVID-19 Control measure released by MoHS.

Activities of MANA in 2020

6. On 25th July 2019, Under the guidance of the President (Central), U Saing Aung Min, Chair Person of Yangon Region, U Than Sint (Secretary of information and report), U Hla Kyu, U Tin Aung Soe and U Kyaw Naing Swe from Civil Society Organization (same mind with gold hands) with 15 members carried out COVID-19 Prevention and Control measure in Headquarter of MANA.

7. MANA contributed 2.7 million and 5000 pieces of face mask worth 2.3 million to Yangon Region Government for COVID-19 Preventive measure. And, MANA received the honorable certificate of Regional Prime Minister of Yangon Region.

8. While under the guidance of MANA (Central) and Yangon Region, MANA of Hlaingthaya (East/West) made a mask campaign on 18-19 September 2020 in Hlaingthaya, and township communities participated in this event.

Local meetings

9. Being offered by U Kyaw Than who lives in Chandoo Township, Cechwan Convince, MANA received a donation worth 5 million from Business Tycoons based in Hong Kong. This donation ceremony meeting dated 21st January 2020 was held in the training hall of MANA. MANA Members from Central gave honorable certificate to them back.

10. U Sein Myint Tun and U Aung Kyi from Central MANA attended the Coordination Meeting in Nay Pyi Taw organized by CCDAC dated 10th March 2020. The Deputy Minister of Information addressed the speech in this meeting.

Information Education Sessions

Conclusion

20. In 2020, MANA expanded the areas of MANA Branches across the country as at village levels in order to establish a sound drug free society. MANA coordinated and collaborated with all the counterpart associations including International Development Law Organization, Myanmar (IDLO). MANA got involved with IDLO to carry out the anti-narcotic activities all over the country with the title of the saying “Today Youth and harmful effects of drugs and substances”. Being coordinated and collaborated with Education Department, Department of out of School with life-long continuous learning process and respective State and Region Government regarding targeted youth-above-15, and the illiterate old ages, MANA has been assisting and supporting in all aspects for community-based education with the saying “all must be literate”. Those 7 thematic areas of priority interventions are to abstain from drug use, smoking, betel nut chewing and alcohol, safe driving and abiding traffic rules and regulation, living with healthy life-style, PSEA, and prevention from addiction on game playing in which MANA contributed booklets, DVD and Posters. Finally, we would like to mention that Myanmar Anti-Narcotics Association has vigorously been coordinating and collaborating with CCDAC and all the departments of Government, CBO and CSO for anti-narcotic activities such as demand and harm reduction interventions.

Activities of Border Areas Development Association

1. Though our activities to improve the socio-economic lives of our people were severely impeded by the COVID-19 pandemic, throughout the whole year of 2020, the Myanmar Border Areas Development Association (BDA) had endeavored its best to help people in need, especially supporting their livelihood during the pandemic.

Education

2. As the schools were closed for most of the year of 2020, due to pandemic, we could not implement education projects as in years before. Formerly we had implemented community-based Extended and Continuous Education and Learning for out of school children (EXCLEL) project funded by UNICEF for 14-17 years old youths in 13 townships of Shan State, Sagaing Region, Mandalay Region and Magway Region 12500 youths were trained in life skills and also drug abuse prevention, awareness and drug demand reduction.

3. This EXCEL Project was followed by Non-formal Primary Education (NFPE) project, also aided by UNICEF in 12 townships in Sagaing, Mandalay and Magway

Regions and also Rakhine state, where 3000 children had the chance to learn primary level education, including vocational training and drug prevention skills.

Health

4. We launched our 36th medical trip to Monywa on 10 and 11 January 2020. Our Doctors, Dentists and eye technicians were joined by Monywa local Doctors in healing over 804 patients for various kinds of diseases and had donated 500 pairs of spectacles.

5. Our of compassion for the patients and their families from the country sides who had to spend the nights on the platform while waiting for admission to the Yangon General Hospital, BDA had donated 10000 kyats each to 85 patients on the nights on (26.11.2020) and (29.11.2020).

Livelihood

6. Even in the time of very tight financial situation our microfinance (YTM) was able to provide loan of kyats 3211.6 million to 9606 households in Monywa Township to support their livelihood in time of need. The families were very grateful for such financial support and their return of principle and interest was 95% to everybody's surprise.

7. In collaboration with the Ministry of Social welfare, Relief and Resettlement, we had participated in the Ngwe Beik project, by providing kyat 30000 each to 993 pregnant women in Monywa area.

8. So as to increase our fund to support them more for their livelihood, we had applied for commercial loan of K 5000 Lakhs from the Government and also signed an agreement with United Nations Capital Development Fund (UNCDF) for a loan of K 100 million.

Awareness and Support Activities during COVID-19

9. The COVID-19 had made grave impact on all sectors of the people's lives, especially poor people. It greatly affected the livelihood, education and health of our people. To mitigate the impact of the COVID-19 and respond to the emergency needs of the people in much critical time, we had implemented the following activities in collaboration with our friends and partners:

- (a) We had implemented COVID-19 awareness raising and hand washing training project, aided by the Local Resource Center (LRC) and Access to Health between August and December 2020 for 630 street children and family members in Dala and Hlaing Thar Yar Townships of Yangon region. Training covered COVID-19 awareness raising, hand washing, and also negative effects of drug abuse and stimulant use. The children and their families were provided with soaps, masks, sanitary pads and basic food items.
- (b) We also had supported 70 low income families in Hledan, Maynigone, Tamwe, Botathaung townships. We had provided one bushel of rice, one mosquito net, two blankets and one raincoat to each family on (28-6-2020).
- (c) We had donated Ks 10000 and basic food items to each of 70 low-income single mothers living in North Okkalapa and Dala Townships on 9.8.2020.
- (d) We also joined the mask campaign on 3-9-2020 at Dala port where we had distributed surgical masks to 3500 commuters and urged them to wears.

General Activities

10. We had coordinated and cooperated with our partners and other organizations in working for welfare of our people. We had attended and participated in many workshops, meetings seminars, some by zoom.
11. We organized the opening ceremony of Yadanar Thanlar Microfinance office, which is the project of BDA, in Monywa on 12-1-2020. It was well attended by our guests and 141 MFC leaders from the villages.
12. In grandeur, we held an Honouring Ceremony at Park Royal Hotel on 19.2.2020 where we honoured our Patrons and Executive Committee Members who were awarded Titles by our Government and Asean. We had appointed Film Actress Smile as our Honourable Ambassador of BDA to promote our activities.
13. As the chairman of No.1 Yangon Region Inspection Committee of Non-Government Organization (NGO) we had inspected five NGOs, and recommended them to the Yangon Region Inspection Committee for approval as registered NGOs.

Chapter (7)

International Cooperation

International Cooperation

Conclusion

1. To safeguard the socio economic and peace of lives of the people of Myanmar from the menace of drugs, with a balanced approach of law enforcement, development and health sectors, it is imperative the commitment of the people based on the spirit of nationalism, national duty as well as individual responsibility to work together with the government.
2. To this end, it is crucial to undertake and tackle the problems with a strong commitment and approach engulfing drug abuse, illicit trafficking of drugs, harm reduction, peace and stability, development, human rights and equality.
3. With the prevailing Covid-19 pandemic that the world is facing, drug traffickers will by any means take advantage of the dire situation. In this regard, it is most important that responsible law enforcement officers prepare and act in accordance to the regulations notified by the health authorities.
4. It is also vital to tackle drug abuse and its consequences of HIV/AIDS, Hepatitis C and drug addicts providing continuous preventive measures, treatment, rehabilitation and other necessary health services with the aims of educating drug abusers the dangers as well as consequences of drug abuse.
5. For the general public, it is important not only to jointly prevent drug abuse in the community but also to take appropriate measures for the children and youth towards a healthy life to stay away from drugs by monitoring closely through family and school environments. In case of doubts of drug abuse and addiction, to get in touch promptly with the closest health facilities and youth centers to get health services.
6. It is important to create hobbies, jobs, sports facilities and social works so that youths can have easy access to occupy their free time and deter them from drugs abuse. Youths should be educated properly to stay away from early smoking, drinking liquors, chewing beetle leaves/nuts that are easily available in their environment nowadays.

7. All state member countries are now striving on their own national programs to achieve the UN adopted Sustainable Development Goals. Implementing and realizing these goals are the responsibilities of the youths who will take over in the near future and subsequently, it is important to deter the threats and dangers of drugs be kept away from the youths. It is strongly reminded and urged the ultimate responsibility falls on the government and the people at large.
